

DIPL.-ING. (FH) KARLA FLEMMING

CEO

Mechanical Engineer, Technical Writer,
Quality & Standardization Consultant

My services for you at a glance:

CE Marking

I support you in successfully and legally compliantly labeling your products with the CE mark for the EU market.

Technical Documentation

I create complete, standards-compliant technical documentation for you – precisely tailored to your product.

Risk Assessment

Together, we analyze potential risks, and I carry out a professional risk assessment for you according to current standards.

Conformity Assessment (EU)

I guide you step by step through the conformity assessment process – so that your product complies with EU requirements.

ECAS Certification (UAE)

I support you in obtaining ECAS certification so that you can easily sell your products in the United Arab Emirates.

RoHS Certification (UAE)

I help you implement the RoHS requirements for the UAE market – for safe and environmentally friendly products.

QUASTCON CO. LLC.

Quality and Standardization Consultants

Your Partner for Certification, Compliance & Technical Documentation

COMPANY PROFILE

QUASTCON Co. LLC. is an internationally active company specializing in technical documentation, conformity assessments, and certification processes for machinery and products. We guide manufacturers and exporters through complex regulatory requirements in both the European Union and the Gulf region – efficiently, reliably, and in full compliance with applicable standards.

OUR CORE SERVICES

CE Marking (European Union)

- Preparation of complete technical documentation
- Conformity assessments based on relevant EU directives (e.g. Machinery Directive)
- Comprehensive risk assessments
- Full support until CE declaration and market readiness

ECAS & ROHS Certification (United Arab Emirates)

- Documentation and evidence for product safety and compliance
- Application preparation and submission to MOIAT (Ministry of Industry and Advanced Technology – UAE)
- Guidance throughout the certification process for market access in the UAE

WHY QUASTCON?

- ✓ Expertise in EU and UAE compliance standards
- ✓ Reliable, structured and regulation-compliant documentation
- ✓ Direct communication with authorities and certifying bodies
- ✓ Fast, efficient, and customized solutions
- ✓ Globally connected – locally competent

OUR VISION

We make complex standards understandable and ensure your products reach global markets legally and safely. QUASTCON stands for trust, transparency, and technical precision.
